At age 9, Gandhi entered the local school in Rajkot, near his home. There he studied the rudiments of arithmetic, history, the Gujarati language and geography. At age 11, he joined the High School in Rajkot. He was an average student, won some prizes, but was a shy and tongue tied student, with no interest in games; his only companions were books and school lessons.

The Y chromosome is one of two sex chromosomes in mammals, including humans, and many other animals. The other is the X chromosome. Y is the sex-determining chromosome in many species, since it is the presence or absence of Y that determines the male or female sex of offspring produced in sexual reproduction. In mammals, the Y chromosome contains the gene SRY, which triggers testis development.

First grade is an exciting adventure for students. This may be the first time they are in school for a full day, the first time they read an entire book, or the first time they write a story. You can help your students by encouraging them to read independently as well as continuing to read together.
