A steady-state economy is an economy made up of a constant stock of physical wealth (capital) and a constant population size. In effect, such an economy does not grow in the course of time. The term usually refers to the national economy of a particular country, but it is also applicable to the economic system of a city, a region, or the entire world.

Georgism, also called geoism and single tax (archaic), is an economic philosophy holding that, while people should own the value they produce themselves, economic value derived from land (often including natural resources and natural opportunities) should belong equally to all members of society. Developed from the writings of the economist and social reformer Henry George, the Georgist ...

Ezra Klein uses my analysis of race and justice as a starting point to offer a thoughtful and intelligent discussion of what exactly it means to control for something in a study. Iâ€™™m not really going to call it a critique of my piece, because it only applies to two of the six areas I looked at ...
