A minimum wage is the lowest remuneration that employers can legally pay their workers. Equivalently, it is the price floor below which workers may not sell their labor. Although minimum wage laws are in effect in many jurisdictions, differences of opinion exist about the benefits and drawbacks of a minimum wage. Supporters of the minimum wage say it increases the standard of living of workers ...

Over the past two years, state legislators across the country have launched an unprecedented series of

initiatives aimed at lowering labor standards, weakening unions, and eroding workplace protections for both union and non-union workers. This policy agenda undercuts the ability of low- and middle-wage workers, both union and non-union, to earn a decent wage.

Introduction and key findings. The minimum wage was established in 1938 as part of the Fair Labor Standards Act (FLSA). In addition to prohibiting child labor and mandating the 40-hour workweek, the FLSA established the federal minimum wage to help ensure that all work would be fairly rewarded and that regular employment would provide a decent quality of life.
