If your camcorder doesn't have the Fade option, here's another idea. Just before shooting the music video, place the lens cap on the lens, press the Record button, and tape for 5-10 seconds. About one second before the song begins, remove the lens cap, start the music, and proceed to shoot.

### **MUSIC VIDEO 101 - Timothy Dwelle**

Back in the 1990s when the music video industry was not yet in its death throes, it was general industry practice to allocate 10% of the budget for the director's fees. No matter how much or how little money was available to make a music video, 10% of that amount was automatically designated as the music video director's fee.
